1. Introduction

1.1 The school has in place a CCTV surveillance system. This policy details the purpose, use and management of the CCTV system at the school and details the procedures to be followed in order to ensure that the school complies with relevant legislation and the current Information Commissioner's Office Code of Practice.

1.2 The school will have due regard to the Data Protection Act 2018, the General Data Protection Regulation (GDPR) and any subsequent data protection legislation, and to the Freedom of Information Act 2000, the Protection of Freedoms Act 2012 and the Human Rights Act 1998. Although not a relevant authority, the school will also have due regard to the Surveillance Camera Code of Practice, issued under the Protection of Freedoms Act 2012 and in particular the 12 guiding principles contained therein.

1.3 This policy is based upon guidance issued by the Information Commissioner's Office, 'In the picture: A data protection code of practice for surveillance cameras and personal information' ("the Information Commissioner's Guidance").

1.4 This policy and the procedures therein detailed, applies to all of the school CCTV systems and any other system capturing images of identifiable individuals for the purpose of viewing and or recording the activities of such individuals. CCTV images are monitored and recorded in strict accordance with this policy.

2. CCTV System overview

2.1 The CCTV system is owned by the Esh Winning Primary School, The Wynds, Esh Winning, Durham, DH7 9BE and managed by the school. Under the Data Protection Act 2018 the school is the 'data controller' for the images produced by the CCTV system.

The school is registered with the Information Commissioner's Office and the registration number is Z9862140. The CCTV system operates to meet the requirements of the Data Protection Act and the Information Commissioner's Guidance.

2.2 The Headteacher is responsible for the overall management and operation of the CCTV system, including activities relating to installations, recording, reviewing, monitoring and ensuring compliance with this policy.

2.3 The CCTV system operates across the school site. We have 30 cameras.

2.4 Signs are placed at the main entrance and car park gates in order to inform staff, students, visitors and members of the public that CCTV is in operation. The signage indicates that the system is managed by the school and a contact number for the school is provided.

2.5 The Headteacher is responsible for ensuring that adequate signage is erected in compliance with the ICO CCTV Code of Practice.

2.6 Cameras are sited to ensure that they cover school premises as far as is possible.

2.7 The CCTV system is operational and is capable of being recording for 24 hours a day, every day of the year.

2.8 Any proposed new CCTV installation is subject to a Privacy Impact Assessment.

2.9 Further information regarding the number and location of CCTV cameras is available via our IT Technician.

3. Purposes of the CCTV system

3.1 The principal purpose of the school CCTV system are as follows:

- for the prevention, reduction, detection and investigation of crime and other incidents;
- to ensure the safety of staff, students and visitors;
- to assist in the investigation of suspected breaches of school regulations by staff or students; and
- the monitoring and enforcement of traffic related matters.

3.2 The CCTV system will be used to observe the school area under surveillance in order to identify incidents requiring a response. Any response should be proportionate to the incident being witnessed.

3.3 The school seeks to operate its CCTV system in a manner that is compliant with the law and consistent with respect for the privacy of individuals.

4. Monitoring and Recording

4.1 Cameras are monitored in the Server Room, which is a secure area.

4.2 Images are recorded centrally on servers located securely in the school and are viewable from the Server Room by the Headteacher, IT Technician and Premises

Manager. Additional staff may be authorised by the Headteacher to monitor cameras sited within their own areas of responsibility on a view only basis.

4.3 The cameras installed provide images that are of suitable quality for the specified purposes for which they are installed and all cameras are checked regularly to ensure that the images remain fit for purpose and that the date and time stamp recorded on the images is accurate.

4.4 All images recorded by the CCTV System remain the property of the school.

4.5 The monitoring of staff activities will be carried out in accordance with Part 3 of the Employment Practices Code.

4.6 The use of covert cameras will be restricted to rare occasions, when a series of criminal acts have taken place within a particular area that is not otherwise fitted with CCTV.

4.7 Covert recording will only take place if informing the individual(s) concerned would seriously prejudice the reason for making the recording and where there is reasonable grounds to suspect that illegal or unauthorised activity is taking place. All such monitoring will be fully documented and will only take place for a limited and reasonable period.
